## PRICING CHECKLIST

### INITIAL QUESTIONS

Where is your site located?	
What condition is the site in? Is it currently a building site, an occupied property, or in partial construction state with finished flooring and walls, do we have to protect from water?	
What time do you require the work to be carried out - in normal working hours or out of hours?	

### WHAT TYPE OF WORK DO YOU REQUIRE?

- Diamond Drilling\*
- Saw Cutting
- Formation of Opening\*\*
- Controlled Demolition

### REQUIREMENTS

- Does your site have adequate power to support 110v/240v equipment for drilling works, or 3 phase electrical units for the formation of larger openings and controlled demolition?
- Does your site have an operational water supply?

### \*FOR DIAMOND DRILLING SERVICES, PLEASE ANSWER THE FOLLOWING QUESTIONS:

How many holes do you require drilling?	
What diameter do you require the holes to be?	
Are the holes required in the floor or wall?	
What type of masonry do you require diamond drilling for - concrete or brickwork?	

What is the depth of the surface that requires drilling?	
--	--

**\*\*FOR THE FORMATION OF OPENINGS, PLEASE ANSWER THESE ADDITIONAL QUESTIONS:**

What dimensions do you require for the opening?	
Is the work required for the floor or a wall?	
What is the depth of the wall or floor?	
Do you require the formation in a concrete structure, brickwork, or other?	

**SITE ACCESS:**

Do you currently have access to site to enable a site visit?	
--	--
